

A Name Twice Made Famous, Now a Shining Mark for Imitators.

The name "Chase," twice made famous, is a shining mark for the unscrupulous to pounce upon and appropriate in order to foist upon the public their worthless preparations. These birds of prey, by using the name Chase, expect the public to be fooled into believing they are the medicines of Dr. A. W. Chase, who first became noted as the author of the world famous Dr. Chase's Recipe Book and family physician, and whose fame is now doubly increased by the wonderful success of his Nerve Pills, with Nerve, Brain and Blood troubles. They play upon the name Chase, but dare not use the initials "A. W."

They imitate, but dare not counterfeit the portrait and signature of Dr. A. W. Chase, which identifies the Nerve Pills now recognized as infallible for building up pale, weak, thin-blooded, nerve exhausted sufferers. Who are nerve-tired and brain-weary. Who are easily exhausted. Who are wakeful—cannot sleep. Who have nervous headache. They remove the cause of blood impurities, securing refreshing sleep and impart strength. They build up people who find their strength and vigor waning. They settle irritated nerves, replace languor and lassitude with energy and animation. Cure Nervous Dyspepsia.

CAUTION.—The protection to the public in securing the genuine and original Dr. A. W. Chase preparation is in seeing the portrait and signature of A. W. Chase, M. D., on each box. These and these only are the genuine. Do not be satisfied with anything bearing the name "Chase" without the initials A. W. So Agents of Druggists or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

New Republic Receives the Congratulations of the World.

CUBAN FLAG IS RAISED

Impressive Ceremonies Mark the Transfer of American Authority of the Gem of the Antilles.

President Palma Takes His Oath of Office and Gov. Wood Sails Home Again.

Washington, May 21.—The following dispatch was received at the White House last night from General Wood at Havana: "To the President of the United States, Washington: I have the honor to report to you that in compliance with instructions received I have this day at 12 o'clock sharp transferred to the president and congress of the Republic of Cuba the government and control of the island, to be held and exercised by them under the provisions of the constitution of the Republic of Cuba. Documents sent to me were read and Mr. Palma in accepting the responsibilities on behalf of the island expressed himself in kind and endearing words and thanks, and thanked the Republic of the United States and its officials for all that has been done for Cuba and for the fulfillment of promises made. The ceremony was most impressive, and I embarked on the Brooklyn with my staff for the United States. WOOD."

President Roosevelt late yesterday afternoon received the following cablegram from the president of the new Cuban republic:

"Havana, May 20.—Theodore Roosevelt, President, Washington: The government of the island having been just transferred, I, as chief magistrate of the republic, faithfully interpreting the sentiments of the whole people of Cuba, have the honor to send you and the American people testimony of our profound gratitude and the assurance of an enduring friendship, with wishes and prayers to the Almighty for the welfare and prosperity of the United States. T. ESTRADA PALMA."

A NATION'S BIRTH
American Flag Comes Down, Cuban Flag Goes Up.

Havana, May 21.—Tomas Estrada Palma was inaugurated president of the Republic of Cuba yesterday, and the United States government withdrew from the island.

The ceremony itself was brief and simple. After formal greetings General Wood read the documentary transfer prepared by the war department, pledging the new government

TOMAS ESTRADA PALMA.

Immediately to proclaim the constitution and the Platt amendment contained in the appendix, and to undertake all obligations assumed by the United States, with respect to Cuba, by the treaty of Paris.

Immediately Senor Palma took the oath he attached his signature to a document as president of the Cuban republic. After an exchange of congratulations he and the veteran General Gomez ascended to the roof of the palace, where a great reception was held.

General Wood personally lowered the American colors, which were saluted and with his own hands hoisted the Cuban flag, as an act of the United States, Gomez assisting. At the time the transfer took place in Havana, General Whiteside at Santiago turned over his authority to his Cuban successor and sailed away with the American cavalry. General Wood and his staff and the American troops embarked immediately after the hoisting of the Cuban flag, and the American ships steamed out of the harbor.

The enthusiasm in the city was boundless. Many persons were literally mad with joy over their new-born liberty. The streets were full of surging, cheering men and women. Motley processions paraded the plazas. Giant fire-crackers were exploded on the sidewalks and even in the cafes. It was like a combination of an old-fashioned American Fourth of July and a national convention.

One hundred thousand visitors were said to be in the city and the police were utterly unable to cope with the

joy-intoxicated people. But President Palma and his cabinet did not give way to rejoicing. There was stern business ahead for them and they went quietly to work. As soon as the new government was installed congress met and proclaimed the constitution and appendix. President Palma reviewed 14,000 school children before the palace, and at 4 o'clock he went to the cathedral, where a Te Deum was sung for the new republic. It was an imposing ceremony. President Palma then devoted an hour before dinner to attending to some urgent matters, among which was the postal relations with the United States. By his direction Washington was informed that Cuba would like to continue the present arrangement temporarily.

INJUNCTION GRANTED

So-Called Beef Trust Now Under the Court's Orders.

Chicago, May 21.—The temporary injunction asked for by the government against the members of the so-called packers' combine, is now in force. It was issued last evening by Judge Peter S. Grosscup after the close of arguments in the United States circuit courtroom. The order gives the relief prayed for in the bill filed by District Attorney Betha on May 10. It is so wide in its scope that if the packers or their agents continue with their present alleged uniform arrangements they will be taken into court on contempt proceedings and the burden of proof will be on them to show that they have not violated the order in any particular.

Little opposition was raised against the government's petition. Attorney John S. Miller, who was the sole representative of the packers present, pointed out some objectionable clauses in the draft of an order presented by Mr. Betha. These concerned the alleged agreements for credit, blacklisting and cartage. Judge Grosscup thought some of these minor clauses had been made too prominent and he himself drew a form of order that pleased both sides. Unless the defendants decide to make a fight at an early date in an effort to have the order set aside, they will have until Aug. 4 to make reply to the complaint.

FOR HOME MISSIONS

President Roosevelt Raises His Voice On That Behalf.

New York, May 21.—Carnegie hall was crowded to the doors last evening with an audience eager to hear the address of President Roosevelt in the interests of Presbyterian home missions, the occasion marking the close of the centennial celebration by the Presbyterian general assembly. Many of the audience remembered that Presidents Cleveland and Harrison had made addresses from the same platform on the same subject.

In the paragon sat the commissioners of the general assembly with as many of their friends as could be crowded in. The two tiers of boxes were filled with men and women who are leaders in metropolitan Presbyterianism, and others interested in the meeting. There were about 400 men and women on the platform. There was not a vacant seat nor a bit of standing room left in the entire auditorium. Hundreds were turned away. When President Roosevelt took his seat on the platform he received a great ovation, which was renewed at the close of his address.

Miners Standing Firm

Wilkesbarre, Pa., May 21.—President Mitchell of the United Mine Workers in reviewing the progress of the strike up to date, says he and his colleagues are well satisfied with the movement so far as it has gone. He expected a total suspension of mining, and his expectations have been realized. The present conflict, he said, is the greatest in the history of the world in point of numbers. The union is strong and the miners are determined, he says, and he has no fears of a break in the solid stand of the men.

Appropriations Raised.

Washington, May 21.—The senate committee on public buildings and grounds yesterday reported the omnibus public building bill. As reported by Senator Fairbanks the bill carries a net increase over the house measure of \$3,585,700, making the aggregate appropriation of the bill \$20,941,150. The appropriation for the Indiana buildings was increased as follows: Anderson, added \$80,000; Muncie, \$75,000 to \$80,000; Richmond, \$75,000 to \$80,000; Elkhart, \$75,000 to \$80,000; Hammond, \$125,000 to \$140,000.

Tobacco Warehouse Burned.

A FATAL STORM

Half Dozen Lives Were Lost In a Waterspout At Cincinnati.

RECORD-BREAKING RAIN

Torrential Storm Sweeps Over the Queen City Carrying Death and Destruction With It.

Six Persons Were Overwhelmed In the Flood and a Million in Property Damage Resulted.

Cincinnati, May 21.—This locality was stricken by a terrific wind and rain storm yesterday, causing the loss of a half dozen lives and injuring many. The fury of the storm continued only a half hour, but in that time over a million dollars of damage was done in the business section of Cincinnati and as much more in other parts of the city and suburbs. While storm damages are reported throughout Kentucky, the worst point seems to have been in the suburbs of Covington, Ky., where there was a waterspout. The water rolled down the hills in a wave 20 feet deep at places and about 100 yards wide. The frame house of Edward Wohrley was carried away for a distance of over four blocks and finally dashed to pieces in the Covington baseball grounds. The house was occupied by four families. All had narrow escapes except Mrs. Geo. Flachner and Willie Willen, aged four years, who were drowned. Others are reported missing.

In this section outhouses and stables were carried away. One stable with four horses was swept over in the Covington ball grounds and horses drowned. The house of Mrs. Watson was submerged, but she and her children were rescued. Clem Davier, who was driving a team near the flood in the Kentucky suburbs, had his wagon overturned by the water and was drowned. All of the dozen towns in Kentucky opposite this city suffered damages from broken windows and houses being unroofed, but the greatest damage on both sides of the river, especially to the business houses in Cincinnati and also in Covington and Newport, Ky., came from cellars being suddenly filled with water. The sewers and gutters could not carry the water off as it came down, apparently like a waterspout everywhere, and it poured into the cellars. The water was for a short time deep in all the streets and traffic as well as business was suspended. In the midst of darkness and unprecedented downfall of rain, there was for a short time a general panic in anticipation of a tornado that would sweep everything.

Superintendent Bassler of the U. S. weather bureau reported the wind as 60 miles an hour and the rainfall in less than half an hour 2.36 inches, the greatest on record here.

At the Cincinnati morgue there are the bodies of three victims, George Becker, widower, while driving a beer wagon, was struck by a telegraph pole and knocked from his wagon. He was pinned to the ground and drowned on one of the principal avenues. Ferdinand Rapp, a peddler, was caught by the rush of water while trying to get goods out of his cellar. D. C. Belleville, a carpenter, was carried away with the roof of a building on which he was working and instantly killed.

WICKED MONT PELEE

People of Fort De France Given Another Scare.

Fort De France, May 21.—Yesterday a thick, heavy cloud, lit up by flashes of lightning, rose from Mont Pelee. The people of Fort De France at once became panic-stricken and rushed excitedly through the streets of the town. Stones from the volcano as big as hazelnuts fell in the streets. Many of the inhabitants hurriedly embarked on the vessels in the harbor, and it was with difficulty that they were eventually reassured. The excitement was soon over, however, and the people became calm. The phenomenon was similar to the eruption of Thursday, May 8, but not so severe. Governor L'Huerre will leave here on the French cruiser Suchet to inform himself of the situation at St. Pierre.

The cloud which issued from Mont Pelee was composed of cinders. It is estimated that 20,000 people rushed out into the streets of the town, shrieking and praying. A tidal wave has destroyed a portion of the village of Le Carbet.

Beer May Go Up.

Columbus, O., May 21.—The Breweries' Protective Association, representing the brewing interests of Ohio, Indiana, Kentucky, Tennessee, West Virginia and Michigan, is in annual session here, about 175 brewers being in attendance. The question of advancing prices is being discussed, and it is probable a 20 per cent advance will be agreed upon.

More Storm Victims.

Goliad, Tex., May 21.—With the death of three of the persons injured in Sunday's tornado the total number of dead is 95, and it is believed several more of the 100 persons who were injured cannot survive.

CONGRESSIONAL

What Is Being Done Beneath the Capital Dome.

Washington, May 21.—For the third time within a week the house has instructed its conferees on matters of dispute between the senate and house. Yesterday the instructions were given on amendments in the army appropriation bill before the conferees had even considered the matter in controversy. The motion to instruct was made by Mr. Cannon (Ills.), chairman of the appropriations committee. It was resisted by Mr. Hull, chairman of the committee on military affairs, and the somewhat spirited debate which followed developed antagonism between the committees. The amendment at which Mr. Cannon aimed was that which increased the appropriation for military posts from \$3,000,000 to \$4,000,000. A resolution offered by Mr. Hitt, chairman of the foreign affairs committee, felicitating Cuba on her independence was passed unanimously. A bill amending the passport law was passed. The remainder of the day was devoted to private claims bills. The subject of the concentration of the inhabitants in the Philippines into camps was a leading topic of the discussion of the Philippine bill in the senate.

Frenchmen Are Wondering.

Paris, May 21.—The semi-official announcement that M. Waldeck-Rousseau would resign as soon as parliament reassembles June 1, while not entirely unexpected, causes much comment in political circles here, and people are wondering why the premier waited until after President Loubet's departure for Russia to make public his decision. Some people think that President Loubet has been putting pressure upon M. Waldeck-Rousseau to prevent his abandoning his post, and that the latter has taken advantage of the president's absence to make this step now, thus rendering his decision irrevocable.

COLUMBUS deserves a good attendance to their carnival from Seymour this year even if Columbus did not turn out very well to our street fair last year. Two of our street fairs were well patronized by Columbus.

THE mere fact that General Wood will turn over to the Cuban republic \$517,709 in cash and \$1,308,007 in bonds shows that the administration in Cuba has not been of the democratic order. There are no surprises where the democratic party rules.—Columbus Republican.

THE Eleventh congressional district republicans will nominate a candidate for congress at Wabash today. Major Steele is having a hard fight for re-nomination. The candidates besides Major Steele are Fred Landis, of Logansport, Dr. C. H. Good, of Huntington, and Carey Cogswill, of Wabash.

Some of the democratic papers are learning for the first time that Thomas Jefferson prepared for himself and left among his literary remains an expurgated copy of the New Testament. Yet there seems to be no democratic rush to recognize this fact as the long sought issue for 1904.—Globe Democrat.

THE great legal battle between the government and the alleged beef trust had its formal opening in the United States court in Chicago yesterday. The case against the packers has been greatly strengthened recently by the discovery of new evidence, and it is hardly possible that they can win on legal technicalities.—Journal.

COMMITTED SUICIDE.

Because of Ill Health Mrs. Clara Dannettell Takes Her Own Life.

In the Cincinnati morning papers is found a report of the suicide of Mrs. Clara Dannettell, wife of Dr. F. F. Dannettell, formerly of this county, but now in business in Cincinnati. Following is the account that appeared in the Cincinnati Enquirer Wednesday morning.

"Mrs. Clara Dannettell, of 1901 Forest avenue, committed suicide yesterday morning by severing her jugular vein with a razor. She had been dead several hours when found. She left no note to her husband or any one else, and cause for her self-destruction is unknown, though it is supposed she had brooded over her ill health until she became despondent. When she retired the evening before she appeared to be in as good spirits as usual.

Her body was found in bed at 9 o'clock yesterday morning by her husband, Falcon Dannettell, and her niece, Sophia Dannettell. The matter was reported to the coroner, but no investigation was deemed necessary.

Deceased was 42 years of age, and had been in bad health the past five years."

HUSTLE FOR PLACE.

Judge John H. Baker's Probable Retirement Gets 'Em Guessing.

Indianapolis, May 21.—Although the politicians are not as positive as they would like to be that Judge John H. Baker intends to retire as soon as President Roosevelt signifies that he is ready to name his successor, they are getting into line at a great rate for their favorite candidates. Frank L. Littleton, former speaker of the house, is at Washington in the interest of W. F. Elliott, son of ex-Supreme Judge Byram K. Elliott of Indianapolis. Other politicians are now en route to Washington to get as close to the presidential ear as possible. Senator Fairbanks could hardly get out of the sight of R. O. Hawkins and his friends when he was here last week for the dedication. Many believe that Hawkins stands a good chance of getting the place, as it is understood that the president will permit Senator Fairbanks to name the man for the place, and it is said he is very friendly to Hawkins.

There is no longer any doubt about this being the year for the 17-year locusts. State Geologist Blatchley said it was a while back, but other entomologists said he was wrong. Blatchley, however, stuck to his prediction, and now, while he does not relish an invasion of the 17-year pests, he is proud of the fact that he was correct and the other "fellers" were wrong. Locusts have been discovered in large numbers on the branches of trees in Indianapolis this week, ready to take flight, but apparently waiting for some signal that is to start them on a journey throughout the state. The locusts this time are big fellows, capable, to every indication, of doing great damage, but Blatchley says they will not be as numerous this year as they were on their last visit. This is at least one source of satisfaction to people who have reason to fear the locusts' work on young fruit orchards.

The Fraternity of Operative Millers of America began a three days' meeting at the Board of Trade hall in Indianapolis today. The members of this organization are practical men who are responsible largely for the advancement made in the last half century in milling machinery. There are many in attendance who worked in flour mills long before the new patent rollers were thought of. These mill superintendents meet once a year for discussion of practical methods of milling, and great good is accomplished for their industry. They also keep in close touch with crop conditions, and during the meeting they will examine stalks of wheat from nearly every wheat producing section of the country. By the time they leave it is likely the public will have some definite information as to what kind of a wheat crop may be expected this year.

Governor Nash of Ohio and Governor Durbine of Indiana are both sojourning at French Lick. They are guests at the hotel where T. Taggart, the Democratic boss, is the genial host. Those who know Taggart know that the warmth of his hospitality has never been questioned, and there is no doubt but that the chief executives of the two great states will be given a good time, even though they are diametrically opposed to Taggart politically. Governor Durbine left for the springs yesterday because he felt that he needed rest. He has not been well since a few days before the dedication of the soldiers' and sailors' monument. He is not sick, however, but the wear and tear of official duties in addition to the hard work he did in arranging for the dedication compelled him to take a few days for recuperation.

'A Girl's Disappointment.'—Indianapolis, May 21.—Mamie Peron, 20 years old, pretty and well dressed, is sheltered at the police station until her parents, who live at Chicago, can be communicated with. Miss Peron has her wedding dress, but the man who promised to marry her has disappeared and the young woman said she had ascertained that he already had a wife and child.

When she realized her disgrace she ran toward the canal to drown herself, but was caught by a bicycle patrolman. The young woman says that Robert Davidson, whom she met in Chicago and who later secured work in this city, had promised to marry her. Upon this representation she joined the man in this city, but he postponed the wedding. He made constant calls on her until a couple of nights ago, when he disappeared. She then learned that he was married and had returned to his family in Chicago.

It is with regret that we have to record the death of William K. Marshall, Esq., who died at his residence in Seymour, March 25th, 1902. Mr. Marshall was born in Jefferson county, Indiana, October 12th, 1824, and was a son of Thomas and Sarah (Kinnear) Marshall. He attended the common schools of his day, acquiring a knowledge of the common school branches; afterwards he attended Hanover college for four years, then began the study of law, and was admitted to practice as an attorney at Madison in March, 1850.
